

Central provides one winner with skills for life at the Heart's Essex Career Show

The Towngate Theatre Basildon

Central Training Group exhibited at Heart's Essex Career Show, 3rd February 2010, Towngate Theatre, Basildon.

Central Training Group showcased a profile of courses alongside a competition for one lucky person to win £6,000 worth of Apprenticeship training.

Heart's Essex Career Show ran in conjunction with National Apprenticeship Week to promote training opportunities and jobs available in Essex, with this in mind, Central Training Group wanted to provide one person the chance to learn 'Skills for Life' in either Hairdressing, Business Training & Graphics.

Central Training Group's Hairdressing tutors showcased a variety of hairstyles using added hair, whilst Graphics' tutors performed live demo's to shock the crowds and the Business Training team offered Interview Tips and CV checking.

Apprenticeships are the proven way to motivate and enthuse individuals by providing them with industry skills and knowledge required in this ever competitive economy. Central Training Group wanted to offer this opportunity for FREE. Entrants simply filled in their details at the stand circling their chosen course.

The Central Training Group team were inundated with applicants and are currently in the process of selecting the £6,000 winner. Once chosen the winner will be contacted to start their training. The recruitment team will follow their progression throughout their training and detail their success on Central Training Group's website and Central magazine.

The winner's name will be announced shortly.
